0 DEDORIC/Q/ACTIVE/Operational - PECHORD Mailing Program

1. One of the components of KUBARK project PECHORD (Identity A) is attempting to extend its mailing program to cover Soviet central Asian areas. Identity B, a former PECHORD employee who now resides in Ankara, is regarded by PECHORD as an individual who could be of some assistance in this effort, in an advisory capacity. PECHORD believes, however, that Identity B may have some PERSHING connection which would preclude his use.

2. Can [] please advise whether Identity B has such a connection or whether [] has any information concerning him which might have bearing on the proposed use?
